HARMONLOOMSUP AS COMPROMISE

Champ Clark still looms big. His lines show neither break nor waver. His fol-lowers are lusty and confident.

Wilson's supporters are depressed. Their chief at this moment seems to have been harder hit by the demand of William Jennings Bryan for the six progressive candidates to join him in opposing the election of Judge Alton B. Farker as temporary chairman than have any of the others. The reason is Parker as temporary chairman than the barker any of the others. The reason is that others have met the Bryan demand openly and boldly. Wilson is reported to have replied to Bryan at Chicago, but he has not made the reply public. For this the New Jersey candidate is being accused of cowardice and evasion.

Harmon Forces Confident.

The Harmon people continue to present a front of serene confidence. In spite the open hostility of Bryan to the Ohioan, the latter's supporters assure Onion, the latter's supporters assure everybody they will get votes in plenty on the four ballots from delegations that the Nebraskan claims as his own, and that their "Uncle Jud" will land the nomination on that ballot,

There appears very little bope of a compromise.

There appears very little hope of a compromise of the factions created by the Bryan demand. According to both sides, the hour of compromises has passed. Charles F. Murphy, leader of the New York delegation, National Chairman Norman E. Mack, Roger Sullivan ed. Charles F. Murphy, leader of the New York delegation. National Chairman Norman E.
